Thank you everyone donated goods or cakes, and to everyone came along to help and buy. We are delighted to announce that the sum of £632 was raised which will be used to offset the extra energy costs that we are expecting over the winter in order to provide a warm and welcoming space, not just on Sunday mornings but throughout the week for all our other groups.

GREEN TIPS	Week Commencing Sunday 16th October
	Did you know that apple juice is better for the environment than orange juice as it has almost half the carbon footprint. Apple juice comes from closer locations and is less intensive to farm.
	Week Commencing Sunday 23rd October
	Did you know that hobs and microwaves are both very efficient ways to cook, they use less energy than cooking in an oven. If you are going to use the oven, then cook several items at once.

EcoChurch Group

We have been working towards the EcoChurch award for the church and are very nearly there but unfortunately our steering group is a bit depleted. If you would be interested in helping us gain the award and make an impact in creation care please let Ian Souter know. The group will meet about once every three months for about 1 hour.
