On Sunday we'll be quizzing everyone to find out they travelled to church and how far they travelled. We'll also be asking each group leader to record details for everyone who attends their group. Please help, as this is an important part of our Environmental Plan and will help us to understand our impact on God's wonderful creation.

This is Karen's way of honouring her brother Malcolm's first anniversary on 5th November. Dorothy House was there for Malcolm when he needed them most and his family were in crisis. The care he received was amazing, the staff went above and beyond. The family were also held and supported by the incredible team at the hospice.

Green Tip from A Rocha – Greening your home this Autumn

Tackle climate change and reduce your heating bills by finding and reducing the draughts in your home. Find the gaps that let cold air in and warm air out (keyholes, letterboxes and gaps around windows, doors, loft hatches and floorboards for example). Do what you can to fix these gaps - there are lots of tutorials on how to do this online. It's also a good time to prepare for winter by putting radiator reflector foil or baking foil behind the radiator. This will reflect heat back into your room.

EcoGroup Meeting – Friday 13th November, 7:30pm

The next Church Environment Group meeting will be held at
Nick & Marilyn's home (1 Braysdown Close) on Friday 13th November at 7:30pm.
If you are passionate about creation care and the environment, then please come along.
